

Box Hill Public School

Works notification | 10 December 2025

Power upgrade – delay to works

Dear Box Hill Public School community,

We are writing to provide an update on the planned upgrade to the school's power system by Endeavour Energy, originally scheduled for the upcoming summer school holidays.

These works have now been rescheduled and will take place during **March and April 2026**. As a result, there will be no disruption to the outside of school hours (OOSH) care program during the January as previously advised, the OOSH will remain operational during the summer break.

To enrol your child in the vacation care program during the summer school holiday period, please contact Northwest Community Childcare directly at bookings@nwcc.com.au.

Planned power outages – April 2026

To connect Box Hill Public School and Box Hill High School to the new electricity substation, power outages at the schools are scheduled during the Autumn school holidays from Monday 6 to Friday 17 April 2026.

We will share further details closer to the start of these works.

Thank you for your understanding.
