including two multimedia
rooms

Upgrading the old library into **4**
flexible learning spaces in Block E

A library

A lecture theatre

New staff and
administration areas

Outdoor learning spaces
and landscaping

Student amenities

Message from your Principal

I am excited to welcome our school community into our new building (Block H) at Pendle Hill High School. We are very proud of the upgrades that have taken place and the exceptional purpose-built learning facilities that are now available to our students and staff.

Our teachers and our students are also excited and are looking forward to exploring all the possibilities for active, involved learning experiences across the classrooms and shared spaces. The upgrades include two new multimedia rooms, a lecture theatre and specialised equipment and classrooms that will enable students to have technology rich learning experiences. Our new buildings and outdoor learning areas are spaces where students will feel inspired to achieve and succeed in their learning journey.

We look forward to our journey of learning and achieving together with our students and their families.

Judy Sims
Principal

New flexible learning environments

Our school features new flexible learning spaces. These learning environments offer our teachers flexibility in teaching methods and provide a variety of opportunities to enhance student collaboration, communication and engagement.

Flexible learning spaces:

- are adaptable and can accommodate up to four class groups in each space
- feature inclusive learning zones with break-out spaces, enabling students to learn in new ways and with new technologies
- provide opportunities to enhance skills in collaboration, communication, critical thinking, problem solving and creativity.

Pendle Hill High School has always placed a high value on academic success. With our new future-focused learning hubs, more opportunities are now available to students from Years 7 to 12 to achieve their educational goals in a safe and caring learning environment.

Each day, our students, parents, and teachers work together to ensure that learning is celebrated, excellence is expected, effort is rewarded, and diversity is respected.
