Pendle Hill High School

Project update

April 2021

Investing in our schools

The NSW Government is investing \$7 billion over the next four years, continuing its program to deliver more than 200 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Pendle Hill High School upgrade

A project is underway to upgrade Pendle Hill High School to support the growing student and community needs.

The project proposes to deliver:

- a new three storey building with 14 new, modern flexible learning spaces
- a range of new core facilities and student amenities
- a new lecture theatre and library spaces
- a prototype learning area and staff development space.

Progress summary

A State Significant Development application for the new building will be lodged in May 2021.

Information sessions will be held in early May to allow the school and local community to find out more about the project scope and benefits, timeline, and design approach.

Taylor has been appointed as the construction contractor for the Pendle Hill High School project.

Early works site preparation

Work has commenced to prepare the site for the planned refurbishment and construction works.

This includes the installation of temporary accommodation for the library and administration unit during construction.

You're invited

You're invited to attend information sessions to find out more about the project scope and benefits, timeline, and design approach.

Sessions will be held on Wednesday 5 and Thursday 6 May 2021 during the hours of 8:30am – 10:30am and 2:30pm – 4:30pm.

Location:
Pendle Hill High School
Cornock Avenue, Toongabbie, NSW 2146
