

Penshurst West Public School

Main construction works complete

Penshurst West Public School upgrade

The main construction works for the upgrade of Penshurst West Public School have now been completed. We have delivered:

A new building with seven flexible learning spaces

A new presentation space and large open spaced areas which include practical arts areas

A special programs room

New tiered outdoor seating

Thank you for your patience during construction, we are thrilled to deliver this project for your school community and hope you enjoy your new spaces.

Innovative learning spaces delivered at Penshurst West Public School

Main construction works complete

Main construction works for the Penshurst West Public School upgrade have now been completed. We have delivered a building with seven flexible learning spaces, a special programs room, new tiered outdoor seating to enhance open play space, a new presentation space and large open spaced areas which include practical arts areas.

Over the coming weeks we will finish construction of a new staff car park once the demountable classrooms have been removed. All contractors are expected to have vacated the school site by late May 2020.

The new facilities are now ready to be used to further enhance learning opportunities for students and staff.

Thank you

We would like to thank you for your patience as we have delivered this upgrade to the school.

Your support and cooperation have made it possible for us to deliver these new facilities for the students and staff of Penshurst West Public School.
