

# Picton High School

## Project update and Autumn holiday works notification

29 March 2021

Dear Neighbour,

A major project has been underway to redevelop Picton High School. The improvements will provide new flexible learning spaces, a new library, administration area, performing arts space, special education facilities, multiple covered outdoor learning areas and recreation areas.

When school resumes in Term 2, 2021 Picton High School students will move into their new school buildings. From this date all students will enter and exit via the main gates off Argyle Street.

The drop off and pick up area for the school will also be located off Argyle street.

Work to finalise the remainder of the school upgrade will continue during 2021.

We are writing to advise on the works that will be occurring during the Autumn school holidays and to provide information about the remaining work to the school site that will take place over the coming months.

### Autumn school holiday work

Autumn school holiday work includes:

- Completion of landscaping around the new school buildings
- Set up of new classrooms in preparation for use in Term 2
- Continuation of Argyle street roadworks.

Traffic management will continue to be in place to ensure the safety of students, neighbours, motorists and workers.

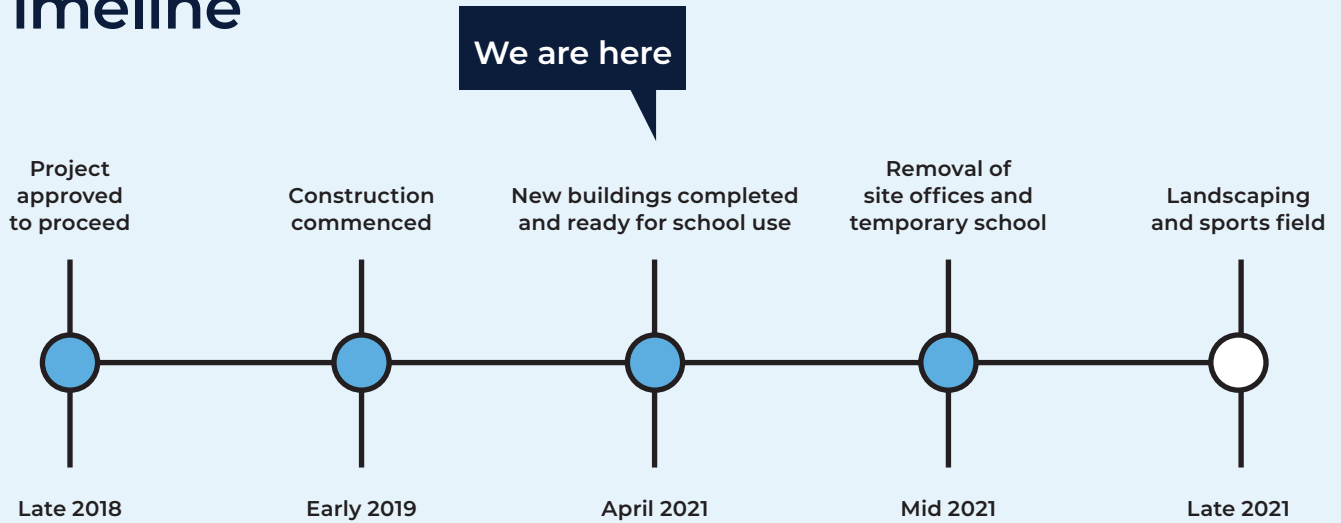

We apologise in advance for any inconvenience caused. We will endeavour to minimise impacts on the community at every opportunity.

---

# Timeline

Work to finalise the remainder of the school upgrade will continue during 2021. This includes:

- Removal of demountables and site offices
- Landscaping work
- Sports field.

Thank you for your patience while we deliver this important school infrastructure.
