

Prestons Public School

Back to school 2020

Welcome to your school

We're excited your new school facilities are ready for you to use.
The upgrade to your school includes:

A new building with
10 flexible learning spaces

Extension to
the hall

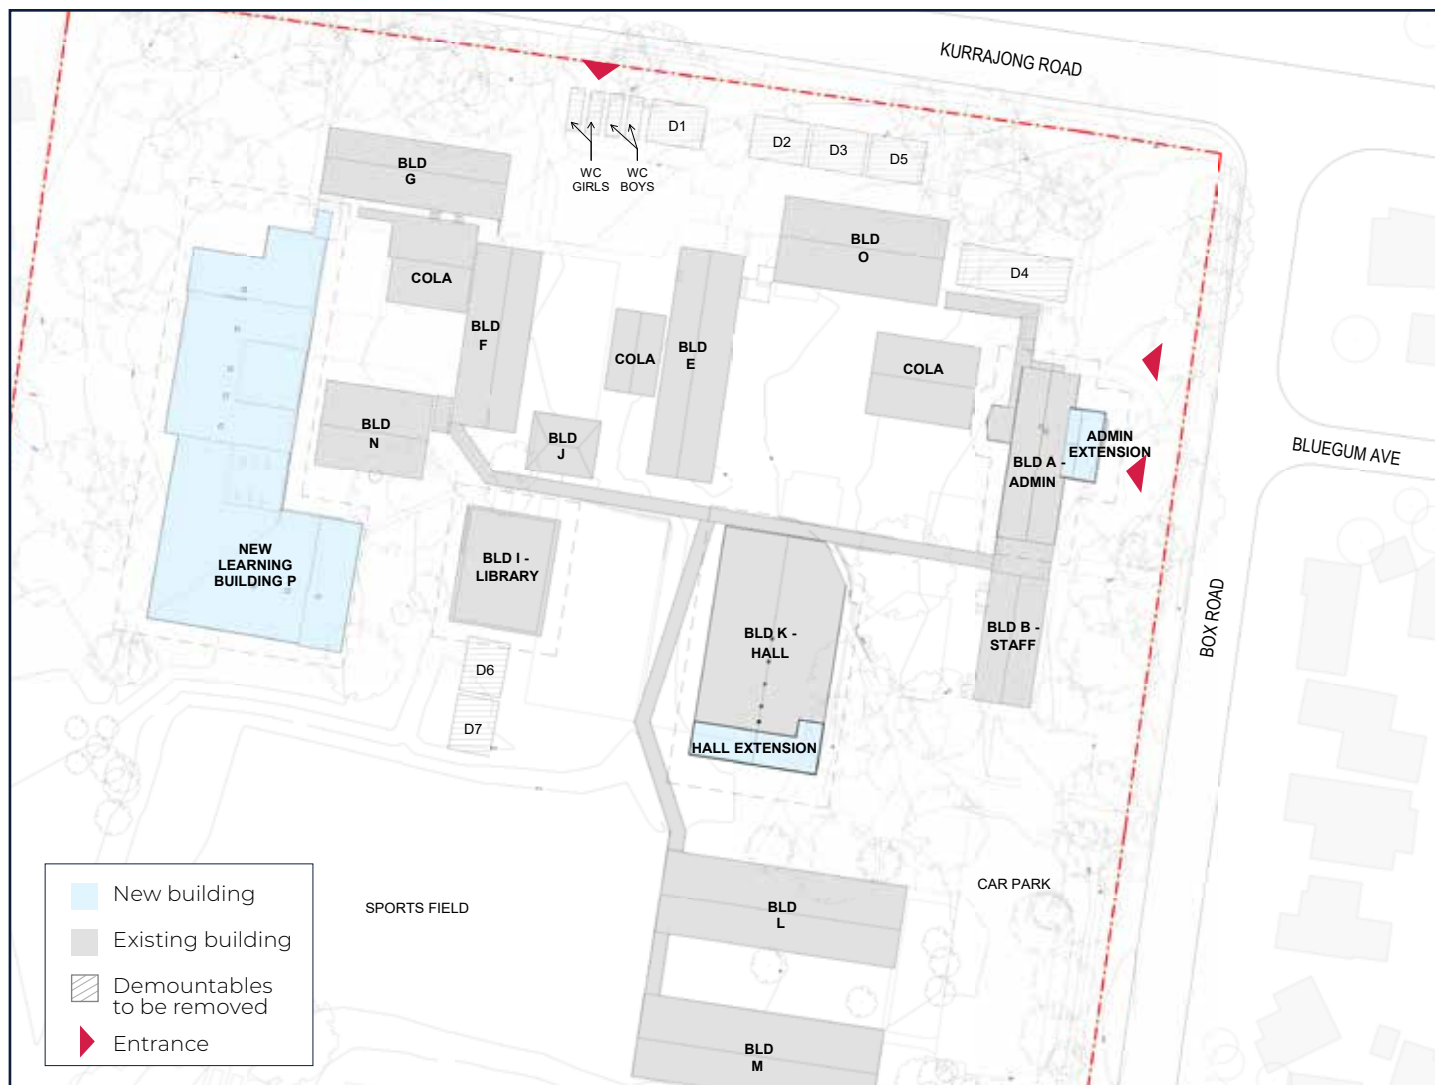

Outdoor learning spaces

Extension to the
administration building

Thank you for your patience during construction. We are thrilled to deliver this project for your school community and hope you enjoy your new spaces. Share your back to school experience with **#Ready2020**.

Access to new school buildings from Term 1 2020

Message from your Principal

We have been officially handed the keys to the new building. After three years of planning and construction, our vision has become a reality. What an amazing facility we have been gifted!

We have moved into the new learning spaces with teachers relocating their resources and students exploring the beautiful classrooms. Our teachers have been working for three years to develop our pedagogy (way of teaching) and embed this into our practices so we are ready to provide high quality learning experiences for our students to prepare them for the future. It's a very exciting time for us as a school community.

Elizabeth Van der Meulen, Principal

Innovative learning environments

The upgrade to Prestons Public School has been completed. This exciting project now delivers innovative learning environments for the next generation of young minds.

Innovative learning environments provide flexibility where teachers can provide opportunities for student engagement. The learning spaces:

- are adaptable to accommodate small or large groups
- include learning neighbourhoods with flexible spaces that allow students to use technology in a variety of settings
- provide opportunities to enhance skills in collaboration, communication, critical thinking, problem solving and creativity.

New innovative learning spaces

Ten classes from Stage 1 (Years 1 and 2) relocated to the new learning building over the summer holidays and are ready to start in their classrooms on Day 1 Term 1 2020.

Frequently asked questions

What is being delivered in the upgrade at Prestons Public School?

We are excited to announce the Prestons Public School upgrade has been completed. The upgrade includes 10 new permanent teaching spaces, an extension to the administration building, alterations to the library facade, provision of outdoor learning spaces and an extension to the hall.

Which classes are being relocated?

The new learning building will house the Stage 1 students from Year 1 and Year 2. Ten classes have relocated to the new learning building over the summer holidays and are ready to start in their new classrooms in 2020.

Will there be any changes to the school entrances?

Students will continue to enter the school via the Box Road and Kurrajong Road entrances. Please see the school map for more information.

Will there be any changes to the Out of School Hours Care?

No, it will continue to operate as normal.

When will the demountable classrooms be removed?

The demountables will be removed from the site following the relocation of students into the new building. These

works will not impact access to the school or day-to-day operations. More information on the removal will be provided closer to works happening.

Will there be any changes to parking, staff parking, Kiss and Drop area or the bus stop?

No. These remain unchanged and will continue to operate as usual. The bus drop off zone remains on Kurrajong Road. The Kiss and Drop area remains on Box Road.
