

Punchbowl Public School upgrade

Works notification | 1 March 2024

A project is underway to upgrade Punchbowl Public School.

Site establishment and demolition starting at Punchbowl Public School

Work to prepare the school for demolition and construction will start the week commencing Monday 4 March 2024 with the installation of site hoardings, which will be a barrier between the school and the construction site until construction works are finished. Please see the map overleaf for a map of the construction site boundary.

All deliveries and removal of materials throughout the works will take place via the gate on Rossmore Avenue. This gate will be inaccessible by the community for the duration of the project.

The memorial plaque and plants next to the COLA will be relocated, and the feature pencils will be kept and incorporated into the new building design. There will be a temporary access provided around the construction site between Block C (Hall) and the playing fields and Block J (Preschool).

Standard working hours

Standard project working hours are 7 am to 6 pm, Monday to Friday, and 8 am to 1 pm on Saturdays. No work will take place on Sundays or public holidays unless notified in advance. Thank you for your patience while we deliver this important piece of school infrastructure.

Asbestos removal Saturday 16 and Sunday 17 March 2024

The first stage of demolition of the existing Block B will involve the removal of asbestos containing material. This will take place outside of standard working hours on the weekend of Saturday 16 and Sunday 17 March 2024 to minimise any risk to the school community. The hours of work for the asbestos removal will be between 7 am and 6 pm, on both days.

All work involving asbestos containing materials will take place outside of school hours. The work area will be cordoned off within the construction site before the work starts, and safety measures and monitoring will be put in place.

Work will be done in accordance with SafeWork NSW regulations and the site specific Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

Following the inspection of block B by an independent hygienist to confirm it has been fully remediated, demolition work will start. Demolition of Block B will start week commencing Monday 18 March 2024.

The health, safety, and wellbeing of the school and the local community is our highest priority.

 For a Translation and Interpreting Service call 131 450 and ask them to call the Department of Education - School Infrastructure NSW on 1300 482 651.

अनुवाद एवं दुभाषिया सेवा के लिए, 131 450 पर फोन करें और उन्हें शिक्षा विभाग - School Infrastructure NSW को 1300 482 651 पर फोन करने के लिए कहें।
