Investing in our schools

As part of the plan to rebuild public education, the NSW Government is investing \$769 million to deliver 100 new public preschools, co-located on public primary schools in NSW, to boost access to public preschool across the state. This is the largest investment in public preschools in NSW history. The 100 new public preschools help more children access a preschool program before starting school.

Umina Beach Public Preschool

Work is underway for a new public preschool at Umina Beach Public School. The public preschool will provide a safe and engaging environment for preschool children. It will feature specially designed rooms and a quality outdoor play area. The construction of the preschool will be completed in time for Day 1 Term 1 2027 to accommodate up to 60 children per day and will include:

- 3 preschool rooms
- an outside play area
- administration area, amenities, staff kitchen and storage.
