

An artist's impression of new hall at Queanbeyan West Public School

Queanbeyan West Public School

Project update | 16 February 2023

Investing in our schools

The NSW Government is investing \$8.6 billion in school infrastructure over the next four years, continuing its program to deliver 160 new and upgraded schools to support communities across NSW. This builds on the more than \$9.1 billion invested in projects delivered since 2017, a program of \$17.7 billion in public education infrastructure.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

School Infrastructure NSW (SINSW) is building a new hall at Queanbeyan West Public School. The hall will include:

- a new canteen
- Outside School Hours Care (OSHC) facilities
- storage and amenities.

Progress update

The external cladding and concrete works are now finished. Next steps include:

- finalisation of internal finishes such as flooring and joinery
- fit off of internal services such as light fittings, door hardware and locks etc
- external soft and hard landscaping, and
- commissioning and testing activities, to check that the building is ready for use.

Working hours

Working hours are Monday to Friday, 7 am to 6 pm and Saturday 8 am to 1 pm. No work will occur on Sundays or public holidays, unless otherwise advised. Thank you for your patience while we deliver this important school infrastructure.

How can I stay updated

SINSW will continue to distribute regular project updates to keep the community up to date with our progress. Follow this link to access the project webpage at edu.nsw.link/QWPS. If you have any queries or concerns about this project, you can contact School Infrastructure NSW email at schoolinfrastructure@det.nsw.edu.au or phone during business hours on 1300 482 651.
