

Randwick Boys High School

Works notification | 9 February 2023

Works to remediate the existing science laboratories and practical room at Randwick Boys High School (notified 31 January 2023) have been scheduled for Saturday 11 February 2023.

All contaminated material, including asbestos, will be removed outside of school hours in accordance with the advice of the independent hygienist.

This area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure the area has been fully remediated, and a clearance certificate will be issued to the contractor.

Following this, we will continue demolition work of the existing science laboratories and practical room (Building D).

The health, safety, and wellbeing of the school and the local community is our highest priority, and we will continue to keep the community updated.

Thank you for your cooperation during this important work.
