Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$8.9 billion for new and upgraded schools. This targeted investment will ensure growing communities get access to a world class public education.

The NSW Government has committed \$42 million in funding to support the new and upgraded facilities at the new co-educational Randwick High School. The timeline for delivery by the department has been accelerated for the upgrade which will cater for the Randwick community now and into the future by supporting the school's provision of high quality education.

Progress summary

The construction of the new large central staff study, lounge, and amenities in Block 17 (previously Block I) is nearing completion.

We are finalising the concept designs and the documentation required for the project planning application. Planning approval for this project is via a Review of Environmental Factors (REF). The REF is expected to be placed on public exhibition early in Term 3. Once the dates for exhibition are confirmed we will notify the community.

Community information session: Monday 30 June 2025

You are invited to attend a community information session to find out more about the Randwick High School upgrade, view completed concept designs, find out about the future of the project and speak to the project team.

Time: 3pm to 6:30pm

Location: Randwick High School southern hall (entrance off Rainbow Street)

Community members are welcome to drop in at any time during the information session. If you are unable to attend, resources shared at the information session will be made available afterwards. We look forward to speaking to you then.
