

Rivers Secondary College

Works notification

April 2022

The NSW Department of Education is coordinating an emergency response effort that is unprecedented in terms of scale and impact. A large number of schools in the Northern Rivers region have damage to either the entire site or some buildings and facilities.

What is happening at the Rivers Secondary College – Richmond River Campus

The whole Richmond River campus has been damaged by flood waters and is currently closed for cleaning and remediation.

Richmond River students are learning from the Lismore campus, which was not impacted by the flood event. Learning is also continuing at the Kadina campus.

Day 1 Term 2

Richmond River Campus students will continue learning from the Lismore campus on Day 1 Term 2.

It is forecast that the occupation of temporary demountable classroom accommodation at the Lismore Campus will be achieved in early Term 2, with the specialist spaces following soon after.

School Infrastructure NSW will provide an update on the timelines of this in early Term 2.

Hours of work

Works will be completed between the hours of 7am-5pm Monday to Saturdays, with no work on public holidays or Sundays.

We are here to make sure that the works are completed safely and efficiently and we will minimise impacts on the community at every opportunity.

What else is happening in the region

The School Infrastructure regional office has inspected all schools in flood impacted areas. We continue to work with emergency response organisations to remove rubbish, clean and secure affected sites.

Many school sites have been able to resume operating, while some students have been relocated to alternative sites so that their learning can continue. Our current priority is to source, deliver, install and handover temporary buildings to accommodate displaced students. The timing of all work and handover of temporary spaces is subject to local weather conditions.

Thank you for your patience while we deliver this important school infrastructure.
