Investing in our schools

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$3.6 billion for new and upgraded schools in Western Sydney. This targeted investment will ensure growing communities get access to a world-class public education.

This includes an upgrade to Rouse Hill High School to provide additional fit-for-purpose classrooms and amenities.

Project overview

The upgrade will deliver a 2-storey building which will include:

9 modern classrooms

2 science labs

2 science classrooms

a flexible, collaborative learning area

Project timeline

We are here

Progress update

We are preparing planning and tender documentation.

Next steps

The tender will be released soon and we expect to award this by mid-2025.

The planning application will also be lodged soon. We will notify the community when the plans are on exhibition on the NSW Planning Portal (planningportal.nsw.gov.au/part-5), and advise how you can view the plans and make a submission.

Rouse Hill High School upgrade – new building location

Connection with Country in the design

Our approach to connecting with Country integrates Aboriginal culture and environmental sustainability into the architectural design and landscaping of the upgrade.

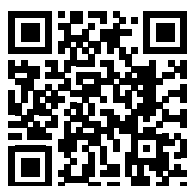

Key elements include:

- Water sensitive urban design: utilising natural drainage systems and landscape solutions that minimally impact the environment.
- Perforated screening elements that incorporate patterns of Country.
- Traditional maps and significant sites: highlighting important Aboriginal landmarks through embedded signage and pathways that educate and engage.
- Native flora and fauna: landscaping will incorporate local plants and native flora & fauna are reflected in the building design.
- Collaboration with Elders: engaging with Dharug Elders and knowledge holders to ensure cultural significance and authenticity in the design.
