

Schofields Public School upgrade

Works notification | 29 April 2026

PA system testing

As part of the Schofields Public School upgrade, a new public address (PA) system has been installed.

On Monday 4 May 2026, further testing of the PA system will take place. This will involve broadcasting standard school announcements and bell sounds at irregular intervals and at varying volumes. All testing will be within approved noise limits.

- **Testing will take place intermittently from 3 pm to 5 pm**

We appreciate your understanding and patience during this important testing and apologise for any inconvenience caused.

If you have any questions, please contact us on at schoolinfrastructure@det.nsw.edu.au or on 1300 482 651 during business hours.

Managing impacts

School Infrastructure will work with the contractor to manage and reduce any potential noise.
