

New Vocational Innovation Centre at Seven Hills High School

# Seven Hills High School

Completion Pack | February 2024

The VET (Vocational and Education and Training) upgrade to Seven Hills High School is now finished. Students and staff have been using the new Vocational Innovation Centre since October 2023. The finished project has delivered:

4 new classrooms

Clinical lab with store

Shared workshop

Plumbing sandpit

Electrotechnology store

Plumbing store

Logistics store

Cleaner's store

Staff room and kitchenette

Amenities

Work has also recently finished on road works within the Johnson Avenue Road reserve.

Thank you for your patience during construction. We are thrilled to deliver this project for the school community.

## Message from your Principals

We would like to warmly let our school community know that the upgrade project to build the Vocational Innovation Centre (VIC) is now finished. This project represents the direction Seven Hills High School is taking to provide different learning opportunities and pathways for students. At Seven Hills High School, we are committed to providing our students with the new VET curriculum as part of the NSW Government Vocational High Schools Program.

Our objective is to promote independence, resilience and a love for learning. All of this can only be achieved by the school community working together, that is, the parents and guardians, the students themselves, as well as the staff of the school. We are dedicated to striving for quality and expanding on the future prospects of our students so that they achieve their desired goals.

We recognise every child is unique and tailor experiences that build on individual strengths and self-confidence. Working with our industry partners enables us to deliver quality outcomes within our local network so that we create a strong community where all individuals contribute constructively to our society.

We would like to take this opportunity to thank the school community for their support during the construction of the building and public domain works.

**Matthew Saville**, School Principal, Seven Hills High School

**Ana Macan**, Deputy Principal, Seven Hills High School

## Our Record Investment

As part of the NSW Government's plan to rebuild essential services, the 2023-24 Budget is delivering a record \$8.8 billion for new and upgraded schools. This targeted investment in growing communities will ensure working families get access to a world class public education.
