Message from your Principal

We are proud of our new school and the space it provides for flexible learning. It looks amazing and will serve us well as we focus on quality teaching for our students. We are looking forward to learning and teaching in our innovative learning environments. At Smalls Road Public School we believe in excellence, innovation, opportunity and success for our students.

We are a dynamic school community committed to delivering a broad range of quality learning experiences in a nurturing environment where all students have the opportunity to achieve their personal best. With this new facility we have modern learning spaces designed to support our students to become successful learners, with the knowledge and skills to become active and informed citizens of the 21st Century.

I'd like to thank students, staff, parents and the local community for their patience during construction. I am sure you'll be as pleased as we are with the outcome.

Megan Gibbons, Principal

Innovative learning spaces

Innovative learning environments

This exciting project delivers innovative learning environments for the next generation of young minds.

Innovative learning environments provide flexibility where teachers can provide opportunities for student engagement. The learning spaces:

- are adaptable to accommodate small or large groups
- include learning neighbourhoods with flexible spaces that allow students to use technology in a variety of settings
- provide opportunities to enhance skills in collaboration, communication, critical thinking, problem solving and creativity.
