

# Speers Point Public School

## Day 1 Term 3 Welcome

Speers Point Public School upgrade

## Welcome to your school

We're excited your new school facilities are ready for you to use.  
The upgrade to your school includes:

5 new, and 2 refurbished  
permanent innovative learning spaces

A new hall

A new library

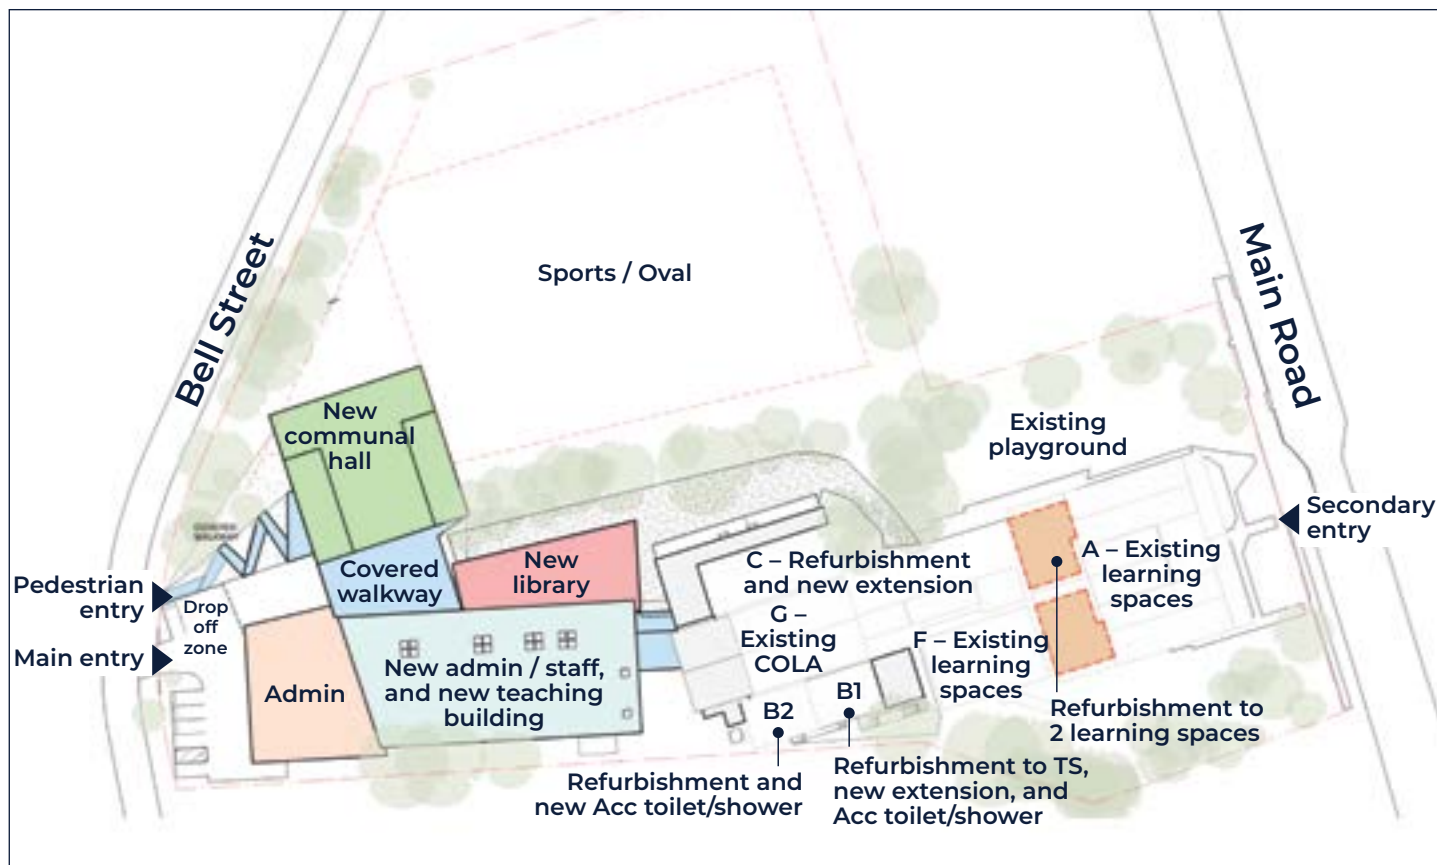

New student  
amenities

New administration  
and staff facilities

Thank you for your patience during construction. We are thrilled to deliver this project for your school community and hope you enjoy your new spaces.

## Message from your Principal

*"Every success story is a tale of constant adaption, revision and change."* – Richard Branson.

Our school is ecstatic to see the fruition of two years of developing our new facilities which sits within a larger period of growth for our school. We are about to take a tremendous leap forward in our journey as 2020 marks the beginning of a new era in our school's historical transformation.

The addition of five new, and two refurbished, innovative and flexible learning spaces gives our school the opportunity to continue with the delivery of a rich educational experience where students can engage with deep and dynamic learning experiences. With the addition of a hall, new administration and a library learning hub our school has the future locked in.

I sincerely appreciate the understanding, patience and accommodations of our community, students and staff during the construction phase. The flexibility has been outstanding as everyone has united in supporting the common goal.

In our current world climate, a grand opening may be a little delayed, but the facilities will certainly make up for that.

Speers Point – Soaring High!

**Chris Payne, Principal**

## Innovative learning environments

The Speers Point Public School upgrade is complete. This exciting project delivers innovative learning environments for the next generation of young minds.

Innovative learning spaces are being used by teachers to test new ways of engaging students. Learning spaces will:

- be adaptable to accommodate small or large groups
- include flexible spaces that help students use modern technology, while working independently and in groups
- provide opportunities for students to engage in innovative teaching and learning practices.

## Frequently asked questions

### What has been delivered at Speers Point Public School?

Five new, and two refurbished innovative learning spaces, a hall, a new library and new administration and staff facilities. This exciting project also delivered new amenities and transformation of two existing teaching spaces into special education classrooms.

### When will the school move into the new facilities?

The new classrooms, library and hall are already in use by the school community. Staff have relocated to the new administration building. The two refurbished classrooms in the existing school building on Main Street will be ready for use on Day 1, Term 3.

### Which classes are being relocated?

Four of our classes, Cedar, Wattle, Coachwood and Scribbly Gum, have moved from the top block into the new block of classrooms. They will keep the same class names for the remainder of the year. The new block of rooms is being referred to as Fernleigh block.

For more information, please refer to the school map on the previous page.

### What are innovative learning spaces?

Innovative learning spaces are flexible and well-resourced so that teachers can design a wide range of learning activities to develop the skills and knowledge of students.

### Will there be any changes to the school entrances?

Students and parents will now enter the school via the new main entry point on Bell Street. The existing entry point on Main Street will now be open at morning entry and afternoon exit times only. The 'Kiss and Ride' zone on Bell Street has been extended.

For more information, please refer to the school map on the previous page.
