

## St Ives High School

Term 3 project update

September 2020

### Investing in our schools

The NSW Government is investing \$6.7 billion over four years to deliver more than 190 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across New South Wales. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

### St Ives High School

An upgrade is underway for St Ives High School. The project includes construction of a new multi-use indoor sports centre and refurbishment of the TASCAM facilities (Block C).

### Progress summary

The structure of the new sports centre is now complete and exterior and interior finishing works are continuing. Planning is underway for commissioning and the opening of the multi-use sports centre is scheduled for late 2020.

A time lapse recording is being taken throughout the project. You can view the time lapse video at: [https://youtu.be/B\\_FonVSAbXY](https://youtu.be/B_FonVSAbXY)

### Upcoming works

Upcoming works include: completing the building façade; internal fit out of the sports centre; and external landscaping including tiered seating and stairs. Demolition of the existing hall and landscaping will take place in the summer 20/21 holiday break.

### Asbestos remediation project

The remediation and refurbishment of Blocks B and D (Stage 1) is now complete. The remediation and refurbishment of Block A (Stage 2) is on track to be completed in November 2020.

### Northern Sydney Intensive English Centre (IEC)

We are excited to welcome the Northern Sydney IEC which will relocate from Chatswood High School to St Ives High School at the end of this term to enable the continuation of IEC services to the wider northern Sydney metropolitan area.

Due to COVID-19 and the impact this has had on student numbers, we will be welcoming a small number of IEC staff only from Term 4.
