

St Ives North Public School

September 2020

St Ives North Public School upgrade

Welcome to your new school facilities

We're excited your new school facilities are ready for you to use. The upgrade to your school includes:

25 new permanent flexible learning spaces (classrooms)

Refurbishment of the special programs room in Block C

New canteen and toilets

New courtyard and landscaping

Thank you for your patience during construction. We are thrilled to deliver this project for your school community and hope you enjoy your new spaces.

Message from your Principal

We are excited about the next chapter in our school history with the opening of our new homebase building. We are proud of the modern facilities for our students that enables flexible, technology-rich, knowledge-building learning. It will serve us well as we continue our focus on excellence, innovation, opportunity and success for our students.

As a dynamic school community, we are committed to delivering quality learning experiences in a nurturing environment where all students, as well as teachers, have the opportunity to fulfil their potential. Our teaching and support staff are excited about the potential of the new learning spaces for their students.

I'd like to thank our community – students, staff, parents and local residents – for their patience during construction. I am sure you'll be as pleased as we are with the outcome.

Christine Taylor, Principal

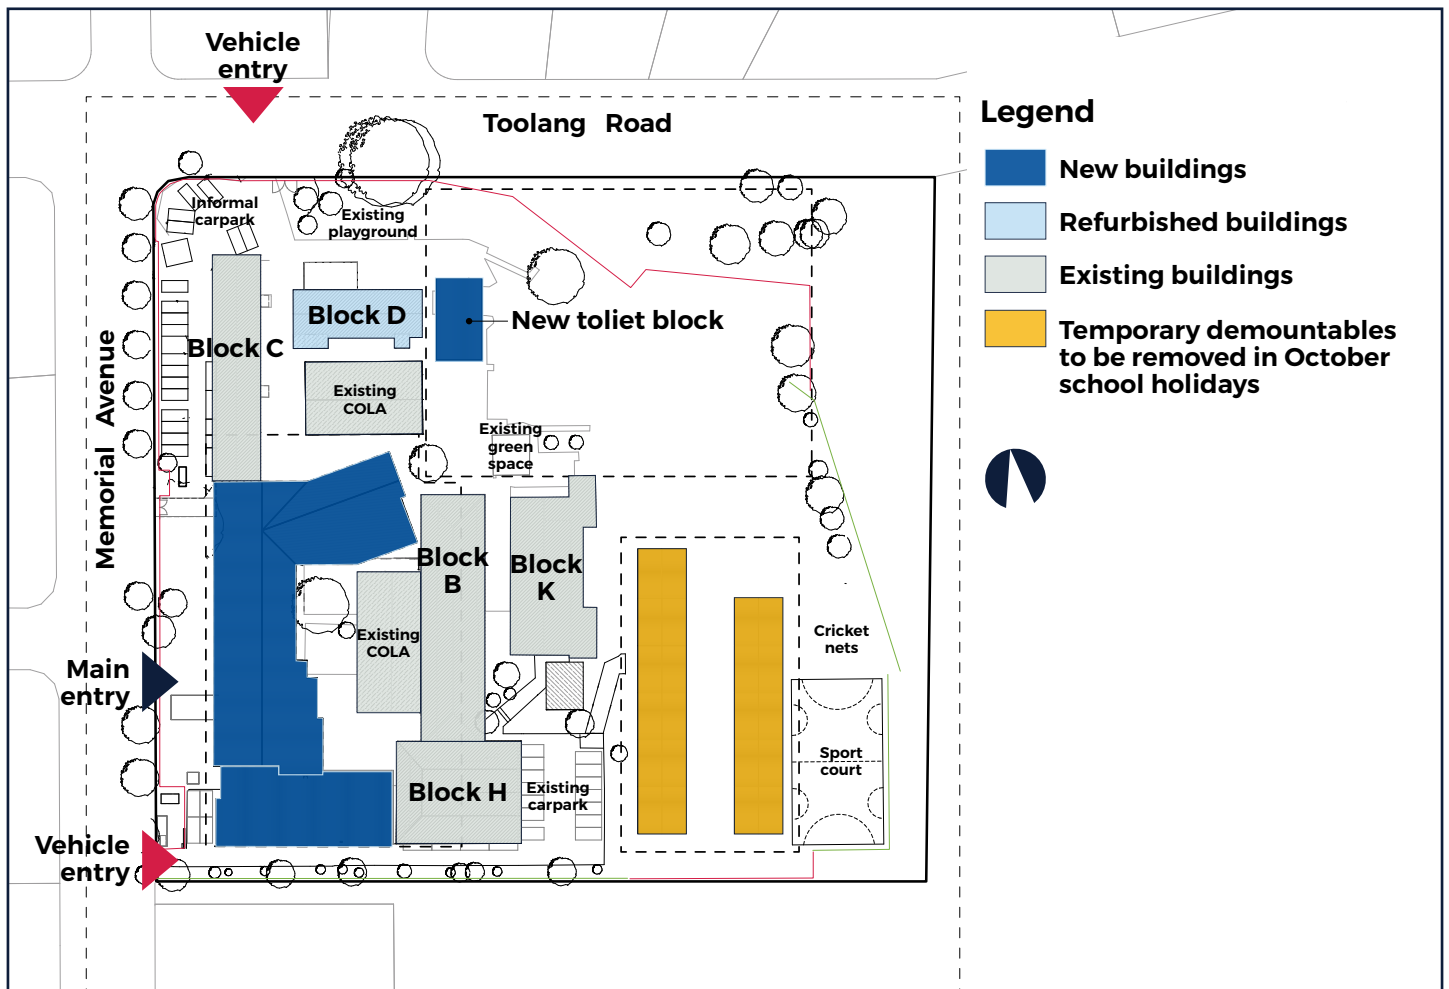

What to expect

Students will transition into their new learning hub on the following dates:

- Monday 7 September – Years 5 and 6
- Monday 14 September – Years 3 and 4 & Canteen
- Monday 21 September – K to Year 2

The floor plans show the classroom allocation for Terms 3 and 4, 2020.

The upgrade of Block D and the construction of the new toilet block will continue throughout Term 3, ready for use during Term 4 2020.
