Stanwell Park Public School

Project update | December 2021

Investing in our schools

The NSW Government is investing \$7.9 billion over the next four years, continuing its program to deliver 215 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

The new multi-purpose hall at Stanwell Park Public School will deliver the latest facilities for students and include a canteen, out of school hours care facilities, and storage facilities.

Progress summary

Main works are underway and Barpa, the building contractor, has recently completed the following activities:

- Bulk earthworks
- Installation of screw piles
- Detailed excavation for footings and services
- Formwork and pouring of concrete footings.

Next Steps

In the coming weeks, Barpa will install the formwork for ground floor slab, pour the main ground floor slab, and excavate and install the formwork for the external staircase

School Infrastructure NSW (SINSW) will work closely with the school leadership team to ensure continuity of school operations and to minimise any potential impact on student learning during construction. SINSW will also continue to provide notifications to neighbouring properties to keep them informed of the impact of school construction on the local area.

Working hours

Working hours are Monday to Saturday, 7 am to 5 pm. No work will occur on Sundays or public holidays, unless otherwise advised.

All work will be within NSW Government's Public Health Orders and relevant COVID restrictions.

Thank you for your patience while we deliver this important school infrastructure.
