

Tallawong Public School

As part of the NSW Government's plan to rebuild public education, the 2024-25 Budget is delivering record education funding, including \$3.6 billion for new and upgraded schools in Western Sydney. This targeted investment will ensure growing communities get access to a world class public education.

A project is underway to deliver permanent facilities for Tallawong Public School which is currently operating in temporary facilities.

The project will deliver a new school which will provide:

New modern classrooms

New learning support classrooms

New multipurpose hall and a covered outdoor learning area (COLA)

New sports court and play areas

Fully accessible spaces, parking and landscaping

Project summary and next steps

The Department of Planning Housing and Infrastructure (DPHI) has approved the State Significant Development (SSD) application for the project. The construction contract will be awarded shortly and we expect to begin works in the coming weeks.
