

Tamworth Public School

Works notification

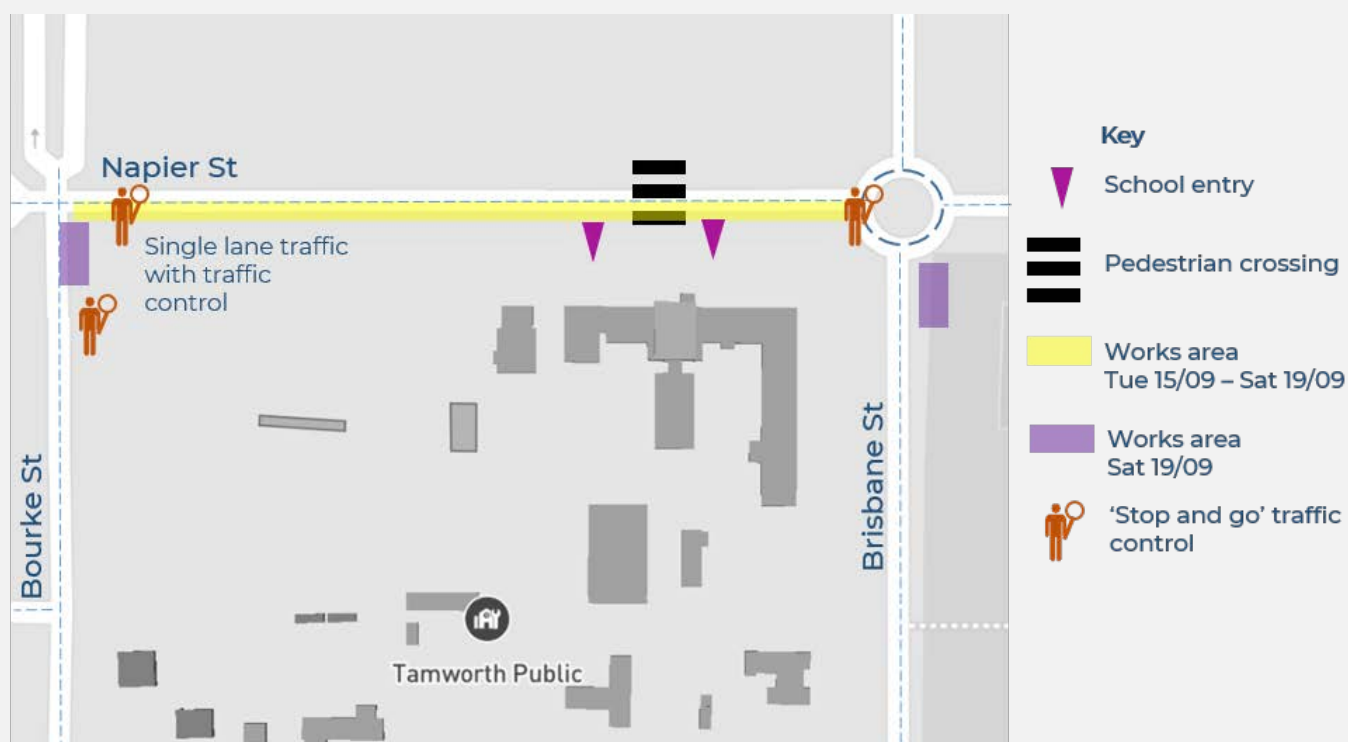

September 2020

An upgrade is underway at Tamworth Public School to deliver seven new permanent classrooms and a new hall. This works notification is to inform you of planned power, traffic and pedestrian changes impacting the streets surrounding Tamworth Public School. This work is being undertaken by Essential Energy and their subcontractors, to enable the installation of a new electrical substation, and delivery and changeover of power poles to new high voltage conductors.

Essential Energy will notify affected customers of the interruption through their own communications. Please visit the Essential Energy website for more information: www.essentialenergy.com.au. You may search your address using the map look-up function for future outages in *Outages and faults > Power outages*.

Temporary partial road closures: Tuesday 15 September to Saturday 19 September 2020

From Tuesday 15 September to Saturday 19 September, one lane of Napier Street will be temporarily closed. On Saturday 19 September, there will also be a partial closure of one lane of Bourke Street near the Napier Street intersection. 'Stop and go' traffic controllers will be in place to ensure safe and efficient management and control of vehicle and pedestrian traffic.

We are working with Essential Energy to minimise impacts to the school community and residents.

- Works will occur outside of school zone hours on weekdays. Both lanes of Napier Street will be open for school drop off and pick up.
- The existing pedestrian crossing on Napier Street will be open during the school zone hours. Outside of these peak crossing times, traffic controllers will escort pedestrians across the pedestrian crossing.
- The footpath on the school-side of Napier Street will be blocked off during work hours.
- Students and staff will continue to have pedestrian access into the school via the gates on Napier Street and Bourke Street.
- Parking will be impacted directly around the works area but available as normal on the other side of Napier Street. Residents will continue to have access to driveways.
- For the safety of students, the local community and workers, road users are advised to obey directions.

What are the construction hours?

Work along Napier Street will take place between 9:30am and 2:30pm, and 4.00pm and 5.00pm Tuesday to Friday and between 7.00am and 4.00pm on Saturday.

Works along Bourke and Brisbane Streets will take place between 7.00am and 4.00pm on Saturday.

Works will continue at the Tamworth Public School site between 7:00am and 5:00pm Monday to Sunday. There will be no noisy work on Sundays or public holidays.

Power outage: Saturday 19 September 2020

In order to changeover power to the new substation there will be a power outage impacting the neighbourhood around the school on Saturday 19 September 2020.

For further detail on the duration and impacted homes, please visit the Essential Energy website for more information: www.essentialenergy.com.au. You may search your address using the map look-up function for future outages in *Outages and faults > Power outages*.
