

An example of a hall we have delivered for students in NSW

Teven-Tintenbar Public School

Project update

June 2021

Investing in our schools

The NSW Government is investing \$7 billion over the next four years, continuing its program to deliver more than 200 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

A project is underway to improve the hall facilities at Teven-Tintenbar Public School. This will include:

- provision of communal hall space with sound system, storage facilities for sports equipment and chairs, and accessible toilets
- a new covered outdoor area
- a new canteen
- an OSHC office, kitchenette and storeroom.

Progress summary

The Development Application (DA) for the new hall at Teven-Tintenbar Public School has been lodged with Ballina Shire Council.

The DA is available to view on the Council website via DAs Online: <http://da.ballina.nsw.gov.au/>.

The DA reference number is 2021/327.

All submissions can be made directly to council during the public exhibition period.

O'Donnell & Hanlon has been appointed as the building contractor for the project and is working with the school and stakeholders to finalise the design for the hall upgrade.

Next steps

- Finalise design for construction.
- Receive development consent.
- Prepare for works to commence.
