Tweed Heads South Public School

Project update

July 2020

Investing in our schools

The NSW Government is investing \$6.7 billion over four years to deliver more than 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

Tweed Heads South Public School is being upgraded to provide new permanent teaching spaces and core facilities. The scope of work includes 11 new permanent future focused learning spaces, a new library, a more visually appealing and practical street entry, new canteen, new out of school hours care facilities and improved playground and outdoor spaces.

Progress summary

Early works (Stage 1) to redevelop the school entry and construct a new canteen started during the Term 1 school holidays.

A request for tenders (RFT) has been issued for the main construction works (Stage 2) and responses are due in August 2020.

The planning approval pathway for the project has been finalised and documentation is being prepared for lodgement with the relevant planning authorities.

Next steps

- Continue early works.
- Evaluate tender submissions and appoint a main works building contractor.
- Prepare planning approval documents for lodgement.
