Tweed Heads South Public School

Project update

March 2021

Investing in our schools

The NSW Government is investing \$7 billion over the next four years, continuing its program to deliver more than 200 new and upgraded schools to support communities across NSW. This is the largest investment in public education infrastructure in the history of NSW.

The NSW Department of Education is committed to delivering new and upgraded schools for communities across NSW. The delivery of these important projects is essential to the future learning needs of our students and supports growth in the local economy.

Project overview

Tweed Heads South Public School is being upgraded to provide new permanent teaching spaces and core facilities. The scope of work includes 11 new permanent future focused learning spaces, a new library, a more visually appealing and practical street entry, new canteen, new out of school hours care facilities and improved playground and outdoor spaces.

Development Application

The Development Application (DA) for the project has now been lodged with Tweed Shire Council. The DA will be on public exhibition and open for community comments soon at:
<https://www.tweed.nsw.gov.au/OnExhibition>

School holiday works

From 6 April 2021 and throughout the school holiday period, you may notice contractors visiting the school to carry out site investigations.

This will include locating underground services, such as power and data, using a hand held cable location device.

There is no demolition or construction work planned for the holiday period.

Next steps

- DA public exhibition period.
- Site establishment.

Stay informed

We are committed to working together with our school communities and other stakeholders to deliver the best possible learning facilities for students.

The SINSW website will continue to have up-to-date information about the project. Your feedback is important to us. For more information, or to ask a question or make a comment, please email us at: schoolinfrastructure@det.nsw.edu.au.
