

Ulladulla Public School and Ulladulla High School upgrades

Works notification | 18 December 2025

As part of the NSW Government's plan to rebuild public education, projects are underway to upgrade Ulladulla Public School and Ulladulla High School.

School holiday works

Construction of the Ulladulla Public School and Ulladulla High School upgrades are now in progress.

From 5 to 23 January 2026 work will take place outside the construction zone within the school grounds for the main power and sewer connections for the new buildings.

There will be increased vehicle movement along Green Street during these works.

These works will not impact the school community as there are no user groups or students on site during this time. Joss will ensure that a safe site is made with fencing and site worker presence.

Working hours

Following a 2 week break, construction works will continue on 5 January 2026 from Monday to Friday from 7 am to 6 pm and 8 am to 1 pm on Saturdays. No work will take place on Sundays or public holidays unless otherwise advised.

Managing construction impacts

School Infrastructure will work with the builder to manage and reduce any potential construction impacts including noise, vibration, dust, and traffic changes. To learn more about how construction impacts are managed visit: edu.nsw.link/ConstructionImpacts.
