Ultimo Public School

Summer holidays construction works

December 2019

Investing in our schools

The NSW Government is investing \$6.7 billion over the next four years to deliver 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

Ultimo Public School

A project to redevelop Ultimo Public School is underway. The project will deliver permanent teaching spaces, special program rooms, a library, a hall, administration and staff areas, indoor and outdoor play spaces and afterschool facilities.

Progress summary

The Ultimo Public School redevelopment is progressing well with completion scheduled for early 2020. Works on internal areas of the building are continuing. Outdoor play areas and hard and soft external landscaping are also underway.

Ultimo Public School students will return to the pop-up school in Wentworth Park on Day 1, Term 1, 2020.

All students will move into the new Ultimo Public School by the start of Term 2, 2020.

Summer school holiday works

Work will continue over the summer school break across the site to complete the school. This will involve continuation of internal fit out and external works and relocation of school resources from the existing 'Pop Up' school to the new school.

Traffic control and security measures will be in place where required for the safety of the community.

We are here to make sure this work is carried out safely and efficiently. During this time we will be working collaboratively with the school community and neighbours to ensure that disruptions to the wider community are minimised.

Frequently asked questions

What works will be completed over the holidays?

Work will continue over the summer school break across the site to complete the school. This will involve **continuation of internal and external works.**

What are the construction working hours?

Construction work will continue in line with the times approved in the Development Application of Monday to Friday 7 am to 10 pm and Saturdays 7.30 am to 5.30 pm. No work will take place on Sundays or public holidays.

Will construction take place over Christmas and New Year?

The contractor will close the site on Christmas Day, Boxing Day and New Year's Day only, however, works will continue throughout the Christmas Holiday period.

What safety measures will be in place?

In accordance with Safe Work NSW and City of Sydney requirements, a safety fence has been erected around the construction site to provide a physical separation to the building works and prohibit public entry onto the work site.

Security will be present as required.

What steps will be taken to control noise and dust impacts?

Every effort is made to minimise disruption. Noise and dust mitigation measures are in place and regular noise and air quality monitoring is being carried out.

How will traffic be managed?

Traffic controllers will be used on site to assist with traffic movement where necessary. Vehicles entering, exiting and driving around the site will give way to pedestrians at all times.

Who can I contact if I have a concern about construction works over the holidays?

If you have any queries or concerns about this project you can contact School Infrastructure NSW during business hours on 1300 482 651.

School Infrastructure NSW will be closed from Monday, 23 December 2019 to Friday, 3 January 2020 inclusive.

In an emergency, call triple zero (000).
