## Wauchope Public School

### Project update

September 2019

#### Investing in our schools

The NSW Government is investing \$6.7 billion over the next four years to deliver 190 new and upgraded schools to support communities across NSW. In addition, a record \$1.3 billion is being spent on school maintenance over five years. This is the largest investment in public education infrastructure in the history of NSW.

#### Wauchope Public School

A project is underway to upgrade Wauchope Public School. The project will deliver 13 new permanent flexible teaching spaces and increase the school's enrolment capacity to approximately 750 students.

#### Progress summary

Works are progressing and the project is on track for occupation from Day 1 Term 1 2020.

Internal works are well progressed with internal linings nearly complete, painting has commenced and the joinery units are being installed.

External works have also commenced including concrete pours for some of the pavement areas.

#### Next Steps

Upcoming work activities on the main building will continue during the Term 3 holidays including:

- Removal of scaffolding
- Work on the main entrance
- Completion of security fencing
- Landscaping activities

#### Keeping you updated

School Infrastructure NSW will continue to work closely with the school community sharing regular updates as the project progresses.

We are here to make sure that work is completed safely and efficiently.
