

West Ryde Public School

Term 2 Welcome

West Ryde Public School upgrade

Welcome to your upgraded school

We're excited your new school facilities are ready for you to use.
The upgrade to your school includes:

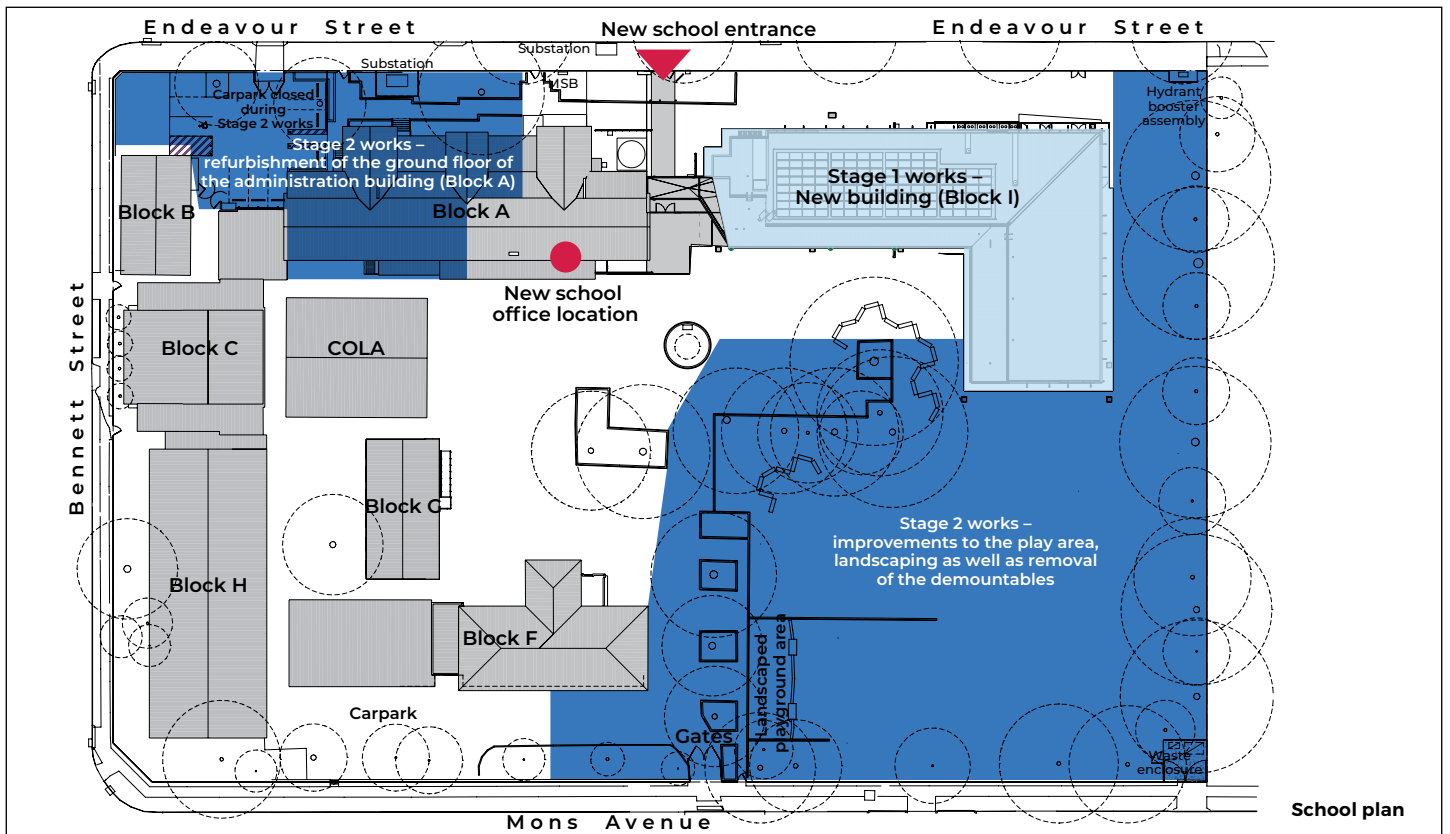

14 new innovative learning spaces in a new purpose built, three storey building

A new library

Thank you for your patience during construction. We are thrilled to deliver this stage of the project for your school community and hope you enjoy your new spaces.

Message from your Principal

West Ryde Public School is proud to deliver our new building containing 14 contemporary homebases and library, facilitating significant educational changes within our school. These modern, innovative and flexible learning spaces organised into learning hubs, will allow our students to work authentically, collaboratively and independently on tasks and allow students to have agency over their own learning. As we strive to develop the mind and the person, these spaces enable our students to reach their potential.

As a dynamic school community, already achieving outstanding learning outcomes for our students, we are committed to continue to deliver quality learning experiences in an environment where every student is known, valued and cared for.

We thank all students, staff, parents and the local community for your patience and ask that you to bear with us as the upgrade is being completed over the coming months.

Sakuna Pho, Principal

What to expect

In 2020, Years 2, 3, 4 and 1/2SH will occupy the new learning spaces. All students will experience the new learning spaces within the library on the ground floor.

Project overview

The West Ryde Public School upgrade will be completed in two stages.

Stage 1 (Completed)

Stage 1 of the project has delivered 14 new permanent teaching spaces and a new library.

Stage 2 (Underway)

Stage 2 of the project is underway for improved play areas and upgrades to core facilities.

Innovative learning environments

The new building at West Ryde Public School is now ready for students and staff to use when school operations return to normal.

This exciting project has delivered innovative learning environments for the next generation of young minds. Innovative learning environments offer flexibility where teachers can provide opportunities for student engagement. The learning spaces:

- are adaptable to accommodate small or large groups
- include learning neighbourhoods with flexible spaces that allow students to use technology in a variety of settings
- provide opportunities to enhance skills in collaboration, communication, critical thinking, problem solving and creativity.

Innovative learning environments

The images below show the new innovative learning environments in Block I.

Frequently asked questions

What has the upgrade at West Ryde Public School delivered?

The West Ryde Public School upgrade is being progressively delivered.

Stage 1 of the project has been completed, which includes the new three storey building with 14 permanent learning spaces. The new building and our new library and associated facilities are ready to be used by students and staff.

Which classes have been relocated to the new building?

In 2020, Years 2, 3, 4 and 1/2SH will occupy the new learning spaces. All students will experience the new learning spaces within the library.

Will there be any changes to the school entrance?

In this phase, the school office will be in the same building, but will be relocated closer to the new building (Block I) and a new entrance will be opened to parents and students on Endeavour Street (please see School plan overleaf for details).

Will there be any changes to parking, staff parking or the bus stop?

During the refurbishment of the administration building (Block A), the Endeavour Street carpark will be shut. Buses will continue to pick up students as per normal.

Will there be any changes to the Out of School Hours Care?

No, the Out of School Hours Care will continue to run as per normal.

What construction work will take place in 2020?

Stage 2 works have commenced and will continue throughout Term 2. These works include the refurbishment of the existing ground floor administration building (Block A), improvements to the play area, landscaping as well as removal of the demountables.

When will the project be completed?

The West Ryde Public School upgrade is expected to be completed by the end of August 2020.
