

Wilkins Public School

Works notification

21 January 2021

Dear neighbour,

In December 2020 we notified you that asbestos containing material was found at the site of the sports court and new preschool at Wilkins Public School and would be remediated during the summer school holidays.

Additional work is required on Saturday 30 January from 8:00 am to 1:00 pm to complete this work, which will be done in accordance with the Department of Education's Asbestos Management Plan and SafeWork NSW regulations.

All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

Testing will be completed to ensure the area has been fully remediated. The project will receive a clearance certificate before construction work can resume in this area.

The health, safety, and well-being of the school and the local community is our highest priority and we will continue to keep the community updated.
