

# William Stimson Public School

## Welcome

William Stimson Public School upgrade

## Welcome to your school

We're excited your new school facilities are ready for you to use.  
The upgrade to your school includes:

A new building with  
**12** flexible learning spaces

A new learning building with  
**4** teaching spaces

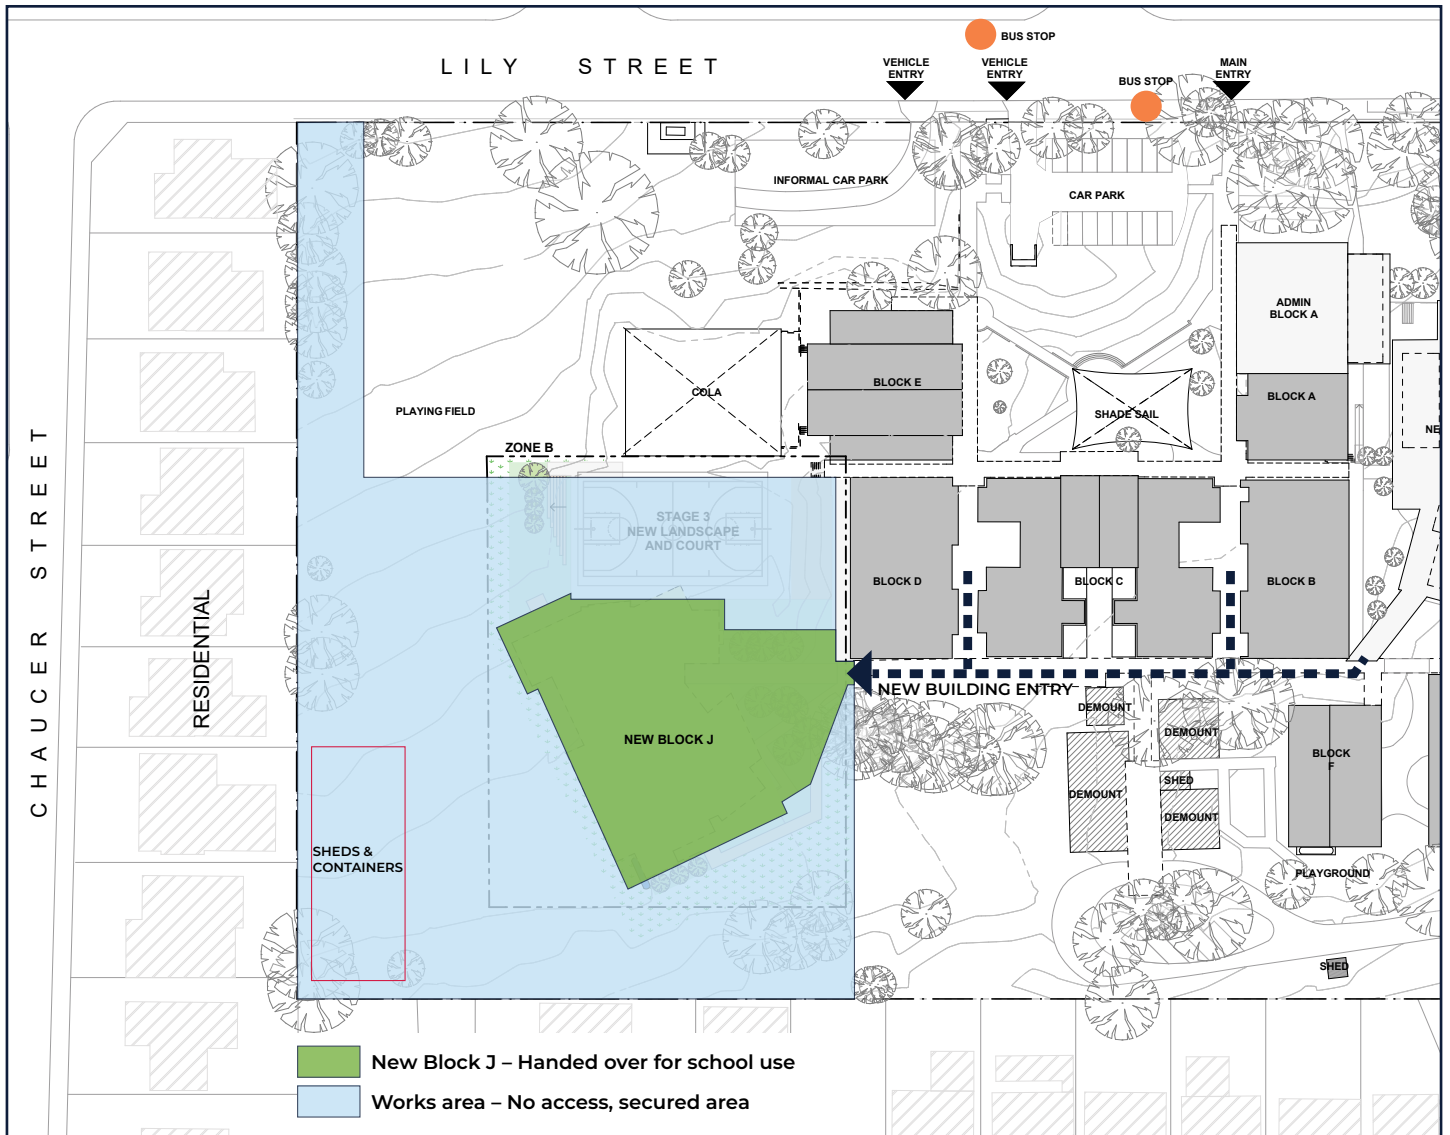

Refurbishment and extension to  
the administration building

An upgrade of landscaping  
and sports court

Thank you for your patience during construction. We are thrilled to deliver this project for your school community and hope you enjoy your new spaces. Share your back to school experience with **#Ready2020**.

Access to new Block J from Term 1 2020

## Message from your Principal

William Stimson Public School is home to a vibrant and dynamic learning community. Our school has a proud heritage and an exciting future.

We have been officially handed the keys to the new building which provides 12 new learning spaces. These spaces are in addition to the 4 learning spaces and upgrade to our administration facilities delivered in August last year. After three years of planning and construction, our vision has become a reality. What an amazing facility we have been gifted!

This week, we are moving into the new learning spaces with teachers relocating their resources and students exploring the beautiful classrooms. It's a very exciting time for us as a school community.

**Melissa Vallorani, Principal (Relieving)**

## Innovative learning environments

The upgrade to William Stimson Public School has reached an important milestone. This exciting project now delivers innovative learning environments for the next generation of young minds.

Innovative learning environments provide flexibility where teachers can provide opportunities for student engagement. The learning spaces:

- are adaptable to accommodate small or large groups
- include learning neighbourhoods with flexible spaces that allow students to use technology in a variety of settings
- provide opportunities to enhance skills in collaboration, communication, critical thinking, problem solving and creativity.

# New learning spaces

In the new learning building (Block J), Stage 2 classes will be on the Ground floor and Stage 3 classes will be on Level 1.

Innovative learning spaces

## Frequently asked questions

### What will the upgrade at William Stimson Public School deliver?

We are excited to announce the William Stimson Public School upgrade has reached an important milestone. We have now delivered 12 new permanent teaching spaces, a refurbishment and an extension to the administration building, and a new learning building with 4 teaching spaces. An upgrade to the landscaping and a refurbished sports court will be delivered.

### Which classes are being relocated?

The new learning building will house Stage 2 students in either Year 3 or 4 and Stage 3 students in either Year 5 or 6. Classes are relocating to the new learning building during term 1 2020.

### Will there be any changes to the school entrances?

Students will continue to enter the school via the Lily Street entrances. Please see the school map for more information.

### Will there be any changes to parking, staff parking or the bus stop?

No. These remain unchanged and will continue to operate as usual. The bus drop off zone remains on Lily Street. Please see school map.

### What works are still to be finished?

The demountable classrooms will be removed from the site following the relocation of students into the new building. These works will not impact access to the school or day-to-day operations. More information on the removal will be provided closer to works happening. The sports court will be refurbished and landscaping will be completed once the demountables are removed.
