# Yanco Agricultural High School

Project update | May 2024

As part of the NSW Government's plan to rebuild essential services, the 2023-24 Budget is delivering a record \$8.8 billion for new and upgraded schools. This targeted investment in growing communities will ensure working families get access to a world class public education.

## Project overview

A project is underway to upgrade the boarding accommodation at Yanco Agricultural High School.

The upgrade involves the construction of a new female accommodation facility and improvements to existing male and female boarding facilities to ensure they are fit for purpose.

## Progress update

Construction of the new female boarding facilities is well underway. This includes the completion of the level one structural steel installation and masonry on the ground floor.

Exterior wall finishes and roofing installation to the building are now complete. Current construction projects prioritise interior wall assembly and the installation of kitchen and bathroom fixtures.

Refurbishments for the Gardiner and Breakwell dormitory buildings took place during the April school holidays with some additional minor works taking place in early June.

New female boarding facility construction and kitchen fit out

The refurbishment of the Mason Building has been successfully completed. The Gardiner and Breakwell refurbishment were completed in mid-May.

## Next steps

The next phase of works include:

- Internal fit-out including installation of cupboards, bathroom fixtures, information and communication technologies (ICT), and working towards commissioning of the dormitory building.
- Upcoming works at the new female boarding facility include internal fit-out, security, ICT and furniture, fixtures and equipment.
- Commencement of external landscaping.
- Handover of the new facilities is expected in the July school holidays.
- Upgrades of the Mutch (Building D) and Hindmarsh (Building J) will commence after July 2024.

## Contact Us

If you have any questions about this work you can contact School Infrastructure NSW via email at [schoolinfrastructure@det.nsw.edu.au](mailto:schoolinfrastructure@det.nsw.edu.au) or during business hours on 1300 482 651. Thank you for your patience while we deliver this important school infrastructure.
