Top floor dedicated to the arts, including gallery space, dark room and pottery space

The Wiradjuri learning centre

Community reading and study area

Welcome message

The completion of the library marks the beginning of a revitalised and vibrant era for the Young community. Through a partnership between Hilltops Council and the NSW Department of Education we are able to offer our community new learning spaces, multimedia facilities, a youth wellbeing hub and a Wiradjuri learning and cultural centre. These new facilities bring greater opportunities for interconnected experiences. We're very excited about the opening of these new facilities because they will create a tighter link between the wider community and Young High School.

During the construction of this new building, the strong Young history was unveiled with historical artefacts found onsite. We will continue to share the story of our history through a permanent exhibition of artefacts displayed within the library. It will constantly remind us how our community has changed, and preserve the connection to our past and the traditional owners, the Wiradjuri Nation.

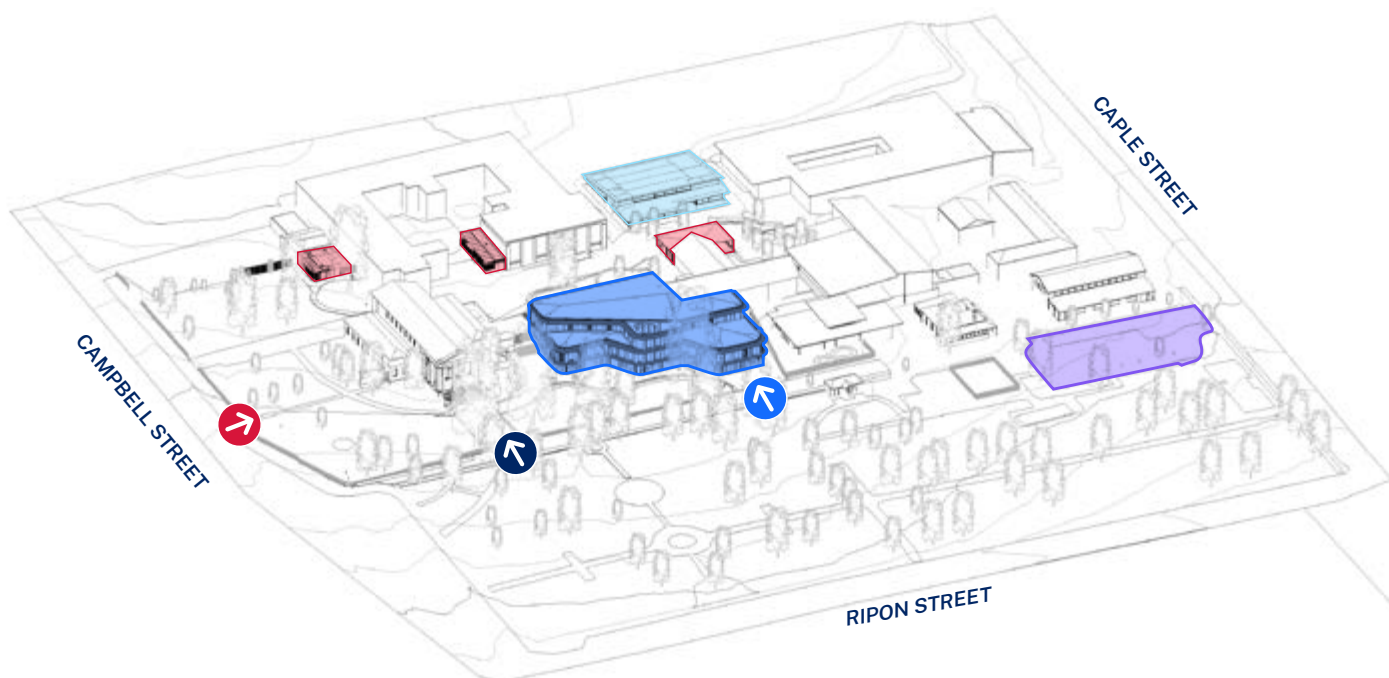

We thank you for your patience during construction and look forward to sharing these amazing new spaces with the community.
