

Timbumburi Public School

Works notification | 5 May 2025

Dear staff, parents and carers,

Further to the [works notification issued on 20 March 2025](#) regarding the drinking water quality test results for Timbumburi Public School, remediation work has been completed by a qualified and accredited tradesperson following advice provided by an independent hygienist.

Re-testing of the affected tap outlets in the canteen and Building C bubblers by an independent hygienist has returned results which meet the requirements of the Australian Drinking Water Guidelines.

Access to the tap outlets and bubblers has been restored and can continue to be used by students and staff.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
