

# Albury Public School

Works notification | 16 August 2023

Dear staff and parents/carers,

We are upgrading the student and staff toilets in Building H at Albury Public School. As part of this work, asbestos containing material within the wall sheets will need to be removed.

The toilets are currently within a construction site and separated by hoarding. Additional safety measures and monitoring will be put in place before works start. The area will remain out of bounds to students and staff until the removal and associated maintenance is finished.

Work to remove the material will take place between Saturday 19 August and Sunday 20 August 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The toilets will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before construction can continue.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
