

Albury Public School

Works notification | 25 May 2023

Dear staff and parents/carers,

We are replacing the flooring in the Administration Building at Albury Public School. As part of this work, asbestos containing material within vinyl tiles will need to be removed in Building A.

The area is safe at present as the vinyl tiles are undisturbed.

The area is currently cordoned off within a construction site and additional safety measures and monitoring will be put in place before the works start.

Work to remove the vinyl tiles will take place outside of school hours on Saturday 27 May 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

Building A will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the area is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
