

Arcadia Public School

Works notification | 26 August 2025

Dear staff, parents, carers and neighbours,

We would like to inform you about important planned work to improve water supply at Arcadia Public School.

Works will involve fitting a reduced pressure zone (RPZ) device used to protect water supply from potential contamination. This work will require shutting off water supply for a short period of time.

The water supply will be temporarily shut off outside of school hours, for one hour between 7:30 am and 8:30 am on Saturday 6 September 2025.

Please note that one neighbouring property will also be affected by the water shutoff. If you have received this notice, please make alternative arrangements for water use during this time.

During these works, we will arrange a plumber to install a secondary shut off valve. This will enable future works without disrupting the water supply.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
