

# Armidale City Public School

Works notification | 15 August 2023

Dear staff and parents/carers,

We are replacing the damaged external wall sheet of Building D at Armidale City Public School. As part of this work, asbestos containing material within the wall sheet will need to be removed.

The area was cordoned off immediately to keep students, staff and visitors separate. An independent hygienist was engaged to temporarily encapsulate the damaged wall sheet.

Additional safety measures and monitoring will be put in place before works start and the area will remain out of bounds until the remediation is finished.

Work to remove the material will take place on Saturday 26 August 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the area is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
