Avoca Beach Public School

Works notification | 3 September 2026

Dear staff, parents and carers,

On Tuesday 1 September 2026, damage was identified to an eave sheet on Building D at Avoca Beach Public School.

This area is known to contain bonded asbestos as listed on the School Asbestos Management Plan.

As a precaution, the area is temporarily closed and an independent hygienist was engaged to inspect the site and provide advice.

In line with advice from the independent hygienist, we will conduct a thorough clean of the area and replace the eave sheet on Saturday 5 September 2026.

Following this, the hygienist will re-inspect the area and provide clearance for it to reopen.

All work will be done in accordance with work, health and safety laws. All work will be completed by experienced contractors and inspected by independent hygienists.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education using the details below.

Thank you for your understanding and support during this important work.
