

# Ballina Public School

## School holiday works notification - Winter | July 2024

We regularly inspect and maintain schools to ensure the safety and wellbeing of our school communities.

The school holidays are the ideal time for a lot of maintenance and project work to take place in schools across the state without disrupting learning.

### Planned work over the Winter School Holidays

We will be doing work involving hazardous materials at your school during the Winter School Holidays. This period may include from the end of the school day on Friday 5 July 2024 up to the first day of Term 3 for staff on Monday 22 July 2024.

On Friday 21 June 2024, a contractor recommended replacing an air conditioning system installed in the Bugal Galii room, Building E, at Ballina Public School.

According to the school's asbestos register, there is known undisturbed asbestos containing material (ACM) located inside the wall and ceiling linings.

We will be removing the ACM before the system is replaced.

All work involving asbestos containing materials will take place outside of school hours.

All work will be done in accordance with work, health and safety laws and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
