

Ballina Public School

Works notification | 7 June 2023

Dear staff and parents/carers,

We are replacing the roof in Building D at Ballina Public School, including replacement of guttering and downpipes and external painting. This work will involve working with asbestos containing material in sheets located on the external roof area.

The roof area is inaccessible to students and staff and will be cordoned off before the work starts.

Work to remove the asbestos containing sheet will take place outside of schools hours on Saturday 10 June 2023, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The roof area will be inspected by an independent hygienist to confirm it has been fully remediated, and the contractor will receive a clearance certificate before the roof replacement work can continue.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
