

Bellbird Public School

Works notification | 20 October 2023

Dear staff and parents/carers,

We are replacing the carpet in seven rooms in Building A at Bellbird Public School. This work will involve removing asbestos containing material in flooring underneath the carpets in multiple rooms and movement spaces including staff rooms, the Assistant Principal's office, waiting areas, entry areas and corridors.

Work to remove vinyl tiles underneath the existing flooring will take place on Saturday 4 November 2023. Building A will be cordoned off before the work starts, and safety measures and air monitoring put in place.

All work involving asbestos containing materials will take place outside of school hours. Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

Building A will be inspected by an independent hygienist to confirm it has been fully remediated after the new flooring has been laid, and the school will receive a clearance certificate before the rooms are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
