

Bellingen Public School

Works Notification | 27 November 2023

Dear staff and parents/carers,

We are replacing eave sheeting in Blocks 1 and 2 (the Kinder, Year 1 and Year 2 blocks) at Bellingen Public School. This work involves working with materials that are known to contain asbestos as per the school's asbestos register.

Work to remove the eaves will take place over two weekends, 9–10 December and 16–17 December 2023. All work involving asbestos containing materials will take place outside of school hours with additional safety measures and monitoring will be in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The roofs will be inspected by an independent hygienist to confirm they have been fully remediated, and the school will receive a clearance certificate when complete.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
