

Belltrees Public School

Works notification | 12 September 2025

Dear staff, parents, carers and neighbours,

Spring presents ideal conditions for planned burns to reduce bush- and grass-fire risk. We are planning a slow controlled burn in an area that is closed off to students at Belltrees Public School.

Slow controlled burns do not release as much heat and carbon. The burn will take place over 2 days.

The Broke Rural Fire Service (RFS) has been engaged to do the burn. This work is planned to start after school on Friday 12 September 2025 weather permitting and will be done before school is opened on Monday 15 September 2025.

The burn will be supervised by the RFS. A clearance certificate will be received from the RFS detailing that the burn off has been completed.

A department representative will also attend the site before school starts on Monday to confirm the fire is out completely.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
