Berkeley Public School
Works notification | 5 November 2025

Dear staff, parents, carers and neighbours,

We are pleased to advise that the administration support office in Building H at Berkeley Public School is being refurbished.

The office will be refreshed with new paint and replace the old vinyl floor tiles with carpet tiles. These floor tiles are known to contain bonded asbestos, as listed in the school's asbestos management plan.

Removal of the vinyl tiles will take place on Saturday 15 November 2025.

All work involving asbestos-containing materials will take place outside of school hours.

Work hours are between 8 am and 1 pm on Saturday, in line with NSW Environment Protection Authority guidelines.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged".

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
