

Berowra Public School

Works notification

19 September 2022

Dear staff and parents/carers,

Upcoming maintenance works as part of the Regional Renewal Program at Berowra Public School will involve working with asbestos containing material in the walls of Block D (rooms DR00019, 20, 21, 22 & 23).

Work will take place during the upcoming school holidays between Monday 26 September and Sunday 9 October 2022. All asbestos containing material will be removed outside of school and vacation care hours.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is completed.

This area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
