

Bomaderry Public School

Works notification | 4 December 2025

Dear staff, parents and carers,

As part of our planned maintenance schedule, we will be repairing the roof of the kindergarten classroom at Bomaderry Public School.

Part of this work involves removing bonded asbestos as listed on the school's asbestos register. The removal will take place on Saturday 6 December 2025 between the hours of 8 am to 1 pm, in line with NSW Environment Protection Authority guidelines.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged."

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures including air monitoring will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities. We will keep the community updated.

Thank you for your cooperation during this important work.
