

Boolaroo Public School

Works notification | 18 September 2026

Dear staff, parents, carers and neighbours,

We are upgrading Building C at Boolaroo Public School to better support the school's growing enrolments.

This project will provide updated spaces to support our growing school community, now and into the future, by delivering 3 new classrooms and upgraded toilet facilities.

The work period may include from the end of the school day on Friday 25 September 2026 up to the first day of Term 1, Wednesday 3 February 2027, weather and site conditions permitting.

The Out of School Hours (OOSH) care service will be relocated to the hall in Building B and will continue to operate as usual, with no impact to families.

Working with asbestos

The ceiling and wall linings in Building C are known to contain bonded asbestos as listed on the School Asbestos Management Plan.

Work to remove asbestos containing materials will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

What to expect during construction

Construction work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday.

Vehicles will enter the school via Third Street and park in the restricted construction area.

Traffic management will be in place during this work. Please follow the directions of any temporary signage and traffic controllers as needed.

We will ensure works are carried out safely and efficiently to minimise impacts to the community.

For more information about how we manage construction, please visit our webpage at edu.nsw.link/ConstructionImpacts or scan the QR code.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding and support during this important work.
