

# Boronia Park Public School

## Works notification | 23 October 2025

Dear staff, parents and carers,

Minor works will be undertaken this Saturday 25 October at Boronia Park Public School. These works are necessary to complete a project for a new accessible pathway near Building A, where the library and administrative offices are located.

The accessible pathway will complement Boronia Park Public School's [new passenger lift](#). Due for completion 2026, the new lift will improve accessibility to the library.

### Materials management

While the works are being undertaken, a small section of material assumed to contain asbestos will be removed. The area will then be inspected by the independent hygienist to confirm it has been fully remediated, and a clearance certificate will be issued before access is restored.

All work will take place outside of school hours and will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities. We will keep the community updated.

Thank you for your cooperation during this important work.

### Did you know?

In the last 3 years, Boronia Park Public School has used targeted initiatives to enhance teaching quality, integrate innovative technology and support student wellbeing. In 2025, a new passenger lift will be installed to improve accessibility.

These projects have fostered a dynamic and inclusive learning environment, resulting in improved literacy and numeracy achievements, higher student engagement and stronger educational outcomes.
