

# Botany Public School

## Works notification | 18 November 2024

Dear staff, parents and carers,

We will be replacing the floor tiles in the storeroom and a section of flooring underneath the bubbler common area in Building A at Botany Public School.

These tiles in Building A are listed on the school's asbestos register.

Contractors will remove the tiles and replace them with vinyl on **Saturday 30 November 2024** between the hours of 8 am and 12 pm.

We have engaged an independent hygienist to conduct air monitoring during the works.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors and monitored by independent hygienists.

Once works are completed, the independent hygienist will issue a clearance certificate before the building is reopened for use.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
